

FAMILY YMCA

METROPOLITAN
AREA YMCA

January 11,

Dear Mr. Chuck

On behalf of the Family YMCA I wanted to thank you for all of your hard work on our locker room floors. Prior to your arrival our floors were covered with mats that frequently doubled as trip hazards. Having come from a YMCA that had an individual trip over the same type of mats and break a hip, an injury he never recovered from, I knew that something needed to be done.

Your non-slip product and expert application has been exactly what our YMCA and our members needed. The product works exactly as advertised, cleaning the floor while making it non-slip. We save about 30 minutes in cleaning time per day by not having the mats to contend with. We, like I'm sure many others, felt that your product was too good to be true, but it is not.

We are 100% satisfied. I would recommend you and your product to anyone who wants to create a non-slip floor. Thank you again for your high level of service and for the wonderful job you did.

Sincerely,

Scott

Executive Director, Family YMCA

We build strong kids, strong families, strong communities.
