Dave Assimes

I've contacted Dave to assist us with an anti-slip solution for the entire main area of our bar & restaurant, including four of our bathrooms.

The application of the product was very quick and efficiently done, and did not disrupt our restaurant function.

It made a huge difference in terms of guest experience, in addition to our serving staff's safety when using the wet areas.

After having this Sure Step applied we immediately realized the difference that this product makes with regards to improved traction on wet tile floors.

Dave was a pleasure to deal with, extremely professional, reliable, and helpful. I would recommend him to anyone interested in finding a solution for their concerns & maintenance with slippery floors.
